

WALL DISPLAY INSTALLATION PROCEDURE:

1. Read this instruction carefully before starting the installation.
2. Check for fittings on the rear wall of the display.
3. Proceed with mounting wearing the gloves made of soft material.
4. Only a qualified person (18+) should be allowed to mount displays.
5. Choose the future location of the display on the wall.
6. Use a tape measure and a spirit level tool to mark out the mounting points; the correct mounting measurements for your type of display can be found in the table.
7. Then strictly follow the instructions shown on the picture below.
8. If you have any questions during installation, contact the developer for technical support.

OPERATING RECOMMENDATIONS:

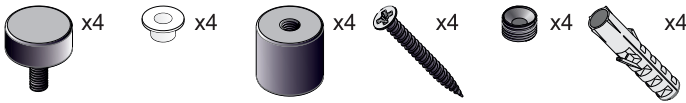

1. Use the displays for gels only as intended.
2. Do not hang anything on the shelves of the displays.
3. Do not load the displays with bottles if at least one of the 4 fixing parts is missing.
4. Do not hit the shelves hard.
5. If a shelf gets damaged, please order an additional one and replace it yourself.
6. For dry cleaning: use a microfiber cloth, for wet cleaning – water with soap.

ATTENTION!

DO NOT USE ANY ALCOHOL-CONTAINING OR AGGRESSIVE CHEMICAL DETERGENTS TO CLEAN DISPLAYS!

COMPLETE SET:

1. Wall display made of plastic with shelves.
2. A microfiber cloth.
3. 4 (or 6) sets of distance holders.

The distance between the holes depends on the size of the wall display.
Diameter of the hole in the wall for the dowel 6 mm.
